Fix the way our schools spend money AND fix our schools!

Passing Prop. 39 will:

Hold administrators accountable for spending school bond construction money

- Prohibit using funds for administration or bureaucracy
- Require school administrators to produce a detailed list of specific school construction and repair projects to be funded
- Require schools to undergo two rigid, independent financial and performance audits every year
- Require bonds to be passed by a tough 55% super-majority vote

Add more protection for taxpayers and homeowners

When Prop. 39 passes, legislation automatically goes into effect that:

- Mandates citizen watchdog committees of local taxpayers, homeowners, parents and business leaders to make sure school bond money is not wasted
- Empowers watchdog committees to seek court action to stop any project if audits show wasteful or unauthorized spending, inform the public of abuse or waste and work with law enforcement to vigorously investigate and prosecute violations
- Prohibits these bond votes except at regularly scheduled elections
- Caps and limits how much property taxes can be raised by a local school board

Help fix our schools

- Our classrooms are overcrowded
- If we’re going to reduce class size, we’ve got to build more classrooms
- Many schools need repairs and updating so children can use computers and get connected to the Internet
- By fixing the way school bond money is spent to eliminate waste and mismanagement, Prop. 39 will help build and repair needed schools and classrooms
