Take a stand for better schools and a brighter future

Luis Sánchez
FOR SCHOOL BOARD
VOTE MARCH 8TH
Luis Sánchez will bring new solutions to our schools and new opportunities for local students

**Luis Sánchez’s Plan for Our Schools**

- Build new neighborhood schools that provide a specialized curriculum in math, science, technology, and the arts
- Create career education programs so students have access to computers and 21st century jobs
- Develop academic partnerships with small businesses and local colleges to create internship, mentorship, and after-school programs to prepare students for careers
- Increase vocational and job training programs in our high schools
- Expand counseling programs for at-risk students to reduce the dropout rate and help students get into college
- Establish comprehensive independent audits of LAUSD finances to cut waste and ensure tax dollars are spent responsibly

Luis Sánchez has led the local effort to keep kids on the right path and provide a safe place to ensure academic success.

**Anti-Gang Efforts to Keep Kids and Neighborhoods Safe**

As a city commissioner, Luis helped spearhead an anti-gang initiative creating recreational activities, mentoring, and other services at neighborhood parks resulting in a 40% decrease in gang-related crime in local neighborhoods.

As non-profit director, Luis helped create after-school programs that keep youth off the streets and away from gangs and secured funding to hire counselors in local schools.

As an educator and father, Luis believes schools should set standards for student behavior as well as academic achievement and that schools should teach character and life skills like honesty and being on time to prepare students for college and the workplace.

“School police officers strongly support Luis Sánchez. Our shared commitment to the safety of the students, parents and staff will allow local schools to graduate all students college prepared and career ready.” – Officer Rudy Perez
Luis Sánchez is bringing together parents, classroom teachers, school police, principals, and community leaders to improve local schools and create opportunities for our kids.

As the co-founder and executive director of a local non-profit, Luis has led the effort to:

• build new neighborhood schools with state-of-the-art technology
• hire more counselors in local high schools
• create after school programs and public safety initiatives
• prepare students for college and careers
