“Luis Sánchez is pushing for new reforms at LAUSD to help kids succeed.”

KIMBERLY CROTEAU, 4th Grade Teacher
“Our kids deserve better. Join me, and let’s change LAUSD.”
– Luis Sánchez

“I’ve brought together teachers, parents, principals, school police, and community leaders to make schools safer and create educational opportunities for local youth.

The LAUSD bureaucracy has been failing our students for too long.

Please join my fight to reduce the dropout rate, prepare students for college and a career, and bring needed reforms to LAUSD.”

Luis Sánchez for School Board

“HERE’S MY PLAN TO FIX OUR SCHOOLS:”

“I will demand independent audits of LAUSD’s finances to cut waste and make sure tax dollars are spent responsibly.”

“I will push for more after-school programs and create academic partnerships with small businesses and community colleges to offer internships, mentorships, and job training programs.”

“I’ve fought to put more counselors in local schools and seen results. I will expand counseling programs to help at-risk youth stay in school and help students get into college.”

“Schools should teach life skills like honesty and being on time. I will set standards for student behavior, as well as academic standards in reading, math, and science.”
“Luis Sánchez is committed to working with teachers and parents to reform our schools and provide students with a 21st century education.”
