FIGHT BACK!

Elect a STRONG Democrat

Dear Voter,

My mother Teddi worked her whole life for Social Security and Medicare. She deserved her benefits, just as we do.

Like you, I am outraged when I hear politicians attacking Social Security and Medicare, retirement benefits we earned through hard work.

Social Security and Medicare are not to blame for the deficit. Out-of-control military spending and Wall Street greed are the real problems.

I promise to fight to preserve Social Security and Medicare.

With your help, I will organize a Social Security and Medicare Caucus in Congress. We already have a Social Security Caucus in the Senate.

But in the House of Representatives all we have is a resolution in support of Social Security. Seventy-five House members signed that resolution. Not enough. We need 218 House members, a majority, to join our Social Security and Medicare Caucus. With 75 to start, we can build to 218 by challenging every Democrat and Republican to join.

Marcy and her beloved mother Teddi, who marched with Marcy to end the Vietnam War.
