We can harness our oceans of talent to create jobs in the New Economy

Imagine...
Jobs for All, Medicare for All, Our Soldiers Home, Our Voices Heard.

Marcy Winograd, founder of Progressive Democrats of America's local chapter, teaches English at Crenshaw High School in South L.A. As a nationally-recognized educator, Marcy has worked with schools and families from West Los Angeles to Wilmington to improve education and keep our kids in school.

Unlike her opponents, Marcy Winograd is not a career politician, who jumps ship for a better political opportunity.
A lifelong community organizer, Marcy is rooted in the labor and peace movements. We need someone like Marcy who cares about us and will fight for us in Washington.
